Our Philosophy

We believe that children learn best through play and hands-on, developmentally appropriate activities. A balance of child-initiated and teacher-initiated activities is provided. Our program is concerned with the development of the whole child and his/her physical, social, emotional, and intellectual development.

Curriculum

Our curriculum is flexible but planned around topics such as:

- I am special
- Families
- Science
- Community Helpers
- Seasons
- Holidays
- Healthy Habits
- Senses
